

Certificate of Analysis

RESEARCH CHEMICAL — LABORATORY USE ONLY

|                     |                                        |
|---------------------|----------------------------------------|
| Product             | BPC-157 (Body Protection Compound-157) |
| Lot / Batch number  | 23452                                  |
| CAS number          | 137525-51-0                            |
| Molecular formula   | C62H98N16O22                           |
| Sequence            | GEPPPGKPADDAGLV                        |
| Physical form       | Lyophilized powder                     |
| Date of manufacture | 2026-04-12                             |
| Date of analysis    | 2026-04-30                             |

ANALYTICAL RESULTS

|                          |                                           |
|--------------------------|-------------------------------------------|
| Purity (chromatographic) | HPLC · $\geq 98.0\%$ · 99.2% — Pass       |
| Identity / mol. weight   | Mass Spec (ESI-MS) · Conforms — Pass      |
| Appearance               | Visual · White powder — Pass              |
| Water content            | Karl Fischer · $\leq 8.0\%$ · 4.1% — Pass |
| Net peptide content      | Gravimetric · 82.6%                       |

Overall result: **PASS** — Lot 23452 meets all listed research-grade specifications.

Authorized by — Lab Director (sample)

Date — 2026-04-30

This is a fabricated SAMPLE certificate generated only to test the Elisvon admin COA upload flow. It does not represent real laboratory analysis of any material. Sold for laboratory and research use only — not for human or animal consumption.
